The early bird catches the worm

A Lazy Eagle and A Hard-working Sparrow

Once upon a time, there were a lazy eagle and a hard-working sparrow in the forest. The eagle was sleeping and the sparrow was catching the worms.

The eagle said, “Why do you catch the worms now?”

The sparrow said, “It is because I need to eat a lot of worm.”

Eagle said, “I can catch the worm quickly. You need more time than me to catch worm.”

When the eagle got up, she couldn't catch the worms because sparrow caught all the worms. The eagle regretted because if he got up early, he could catch the worms.
