#### **Two Rabbits and One Carrot**

Once a upon time, there were two rabbits. Lucy — the tricky rabbit, she was very clever. Andy — the greedy rabbit, he always wanted the bigger carrot.

One day, Lucy had not enough food to eat so she went outside and found the food to eat. She walked a long way but she did not see any food. When she was upset, she saw a carrot in the grass. She was excited and she pulled it out.

Suddenly, Andy jumped out and snatched the carrot. Lucy shouted loudly and angrily, ‘You snatch my carrot! Give me back!’

Andy replied, ‘The carrot is mine! I won’t give you back!’

Lucy was very angry so she had a plan to deal with Andy. Lucy yelled, ‘Look! There is a big carrot!’

Andy looked around. Suddenly, Lucy took the carrot from Andy’s hands. Andy was sad. He knew he didn’t have food to eat because he was too greedy.
