

Theme 2: Cherish What We Have

A friend in need is a friend indeed

Who is My Friend?

There were three students who were friends. They called Peter, Candy and Andy.

One day, Peter, Candy and Andy went hiking. On the way, Peter was unwell and he couldn't continue hiking. He needed to go to the hospital.

However, Candy and Andy didn't have the phone that could call the police for help. They decided to stay and waited for the help. However, Candy was impatient and she left Peter.

Luckily, there was a police officer noticing Peter and Andy. Peter knew that Candy was not willing to help her friends who were in trouble.
